

9 Penhallurick Street Campbells Creek VIC

3 3 2

This striking 8-star energy rating, three-bedroom property merges minimalism with passive house principles, resulting in a bold design for future living. This innovative approach emphasises simplicity, functionality, and sustainability, where comfort and style coexist harmoniously, resulting in a new standard for contemporary homes.

This forward-thinking all-electric home features a Stiebel Eltron heat recovery ventilation system, non-toxic and renewable materials built to German Passiv Haus standards, a 5.2kw solar system, custom made high performance tilt and turn double-glazed windows and double-glazed doors, as well as an adjustable air quality sensor to maintain all year round comfort. Built-in custom joinery is a feature of the home; with soft-close drawers
