

## 2/14 Heron Street Fryerstown VIC

Set in the quiet village of Fryerstown, a former gold mining community, this 1/4 acre (approx.) vacant Township Zone building block is ready for you to build your country home on. On the elevated side of High Street with sealed road access, mains water is available as is mains power. There are views across the village, Fryers Creek, and the avenue of trees that have stood since the 19th century.

The block will be surveyed and a Land Capability Assessment will be made available soon, making the building process much easier, so take a look at this land to make your new home here. Castlemaine is 15 minutes away for shops, and schools, the train to Melbourne & Bendigo, and the school bus stop is around the corner.

**Type** : Land  
**Price** : \$195,000
